

... With a Twist?

Lime Twist™

Citrus Aurantifolia (Lime)

seed oil, pressed from the seed, is a unique emollient which contains natural waxes and rich fatty acids which provide moisturization to the skin and enhance skin protection through improved barrier function. A proprietary blend of Lime Seed Oil and vegetable wax creates an exclusive butter. By combining a high percentage of lime seed oil with a small amount of vegetable wax, we achieve all of the benefits of lime seed oil in a more stable and functional butter base. Lime Twist™ is an ivory colored butter that is semi-solid at room temperature.

INCI: Citrus Aurantifolia (Lime) Oil
(and) Hydrogenated Vegetable Oil

Property	Benefit
High in Palmitic Acid	<ul style="list-style-type: none"> • Enhances the product's stability over other fruit seed oils
Light Skin Feel	<ul style="list-style-type: none"> • Non-greasy • Silicone-like feel
Contains Omega 3, 6 and 9 fatty acids	<ul style="list-style-type: none"> • Known to support tissue regeneration • Conditions the skin • Gives emollient and protective properties to skin care products
By-product of the Fruit Processing Industry	<ul style="list-style-type: none"> • Sustainable • Reduces Waste • An important step in the up-cycling process (up-cycling is the process of converting waste materials into useful products)
